

cuproclima®

COPPER TUBES IN LEVEL WOUND COILS

cuproclima® – your quality standard for high quality seamless copper tubes in level wound coils (LWC) supplied to manufacturers of heat exchangers for the air conditioning and refrigeration (ACR) industry.

cuproclima® tubes are specifically designed for all needs in ACR equipment manufacturing. Consistently high quality and multiple customising options result in highly consistent processes and outstanding productivity.

OUR COMPETENCE

YOUR BENEFIT

Compliance with EN 12735-2 and
ASTM B 743

Customised ink marking

Benchmark for
testing accuracy

Constantly high quality

International market access

Product identification and
traceability

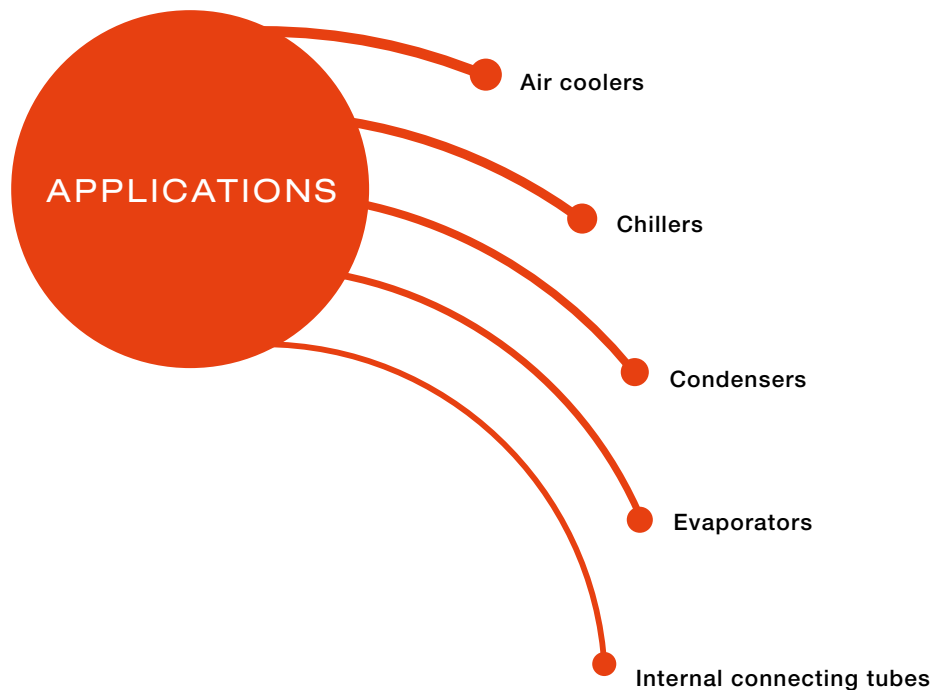

Maximum reliability

Increased productivity due to
longer machine running time
